Pear-ginger Caipirinha

This organic interpretation of Brazil's national cocktail takes a little extra prep time, but is well worth the effort!

STEP 1: MAKE PEAR-GINGER SHRUB

- 2 cups water
- 2 cups sugar
- 1/4 cup apple cider vinegar
- 4 Bartlett pears, peeled, cored & cubed
- 30 grams ginger peeled & diced

1. Heat water in a pot over medium heat.
2. Once water is hot, add sugar and stir to dissolve.
3. Add the remaining ingredients and let simmer until pears are soft.
4. Blend everything together and let stand until completely cool.
5. Strain liquid through a china cap into a clean container, and refrigerate overnight.

STEP 2: MAKE PEAR-GINGER CAIPIRINHA

- 2 oz. Novo Fogo Gold Organic Cachaça
- 1 oz. Pear-ginger shrub
- 3 lemon wedges
- Crushed ice
- Soda water
- Sprig of mint

1. In an old-fashioned glass, muddle the lemon wedges.
2. Add Novo Fogo Gold Organic Cachaça, pear-ginger shrub and crushed ice.
3. Top off with soda water and stir.
4. Garnish with a sprig of mint. Saúde!
